Create a site by clicking “New Account”

The screenshot shows the InfinityFree dashboard. On the left is a sidebar with a 'YOUR ACCOUNTS' section containing 'All Accounts' and '+ New Account'. Below this is an 'INFINITY FREE' section with links for 'Profile', 'SSL Certificates' (marked 'NEW'), 'Domains', 'Go Premium', 'Need help?', and 'Logout'. A yellow arrow points from the left towards the '+ New Account' link in the sidebar. The main content area features a top banner for 'Start Making Your Own Website' with an 'OPEN' button. Below this is a green notification bar stating 'Your email address has been verified! You can now create your hosting account.' Underneath is an 'Accounts' section showing 'Active Accounts: 0 / 3' and a message 'No accounts yet. Create an account now.' with a '+ NEW ACCOUNT' button. A second yellow arrow points to this button. At the bottom of the main content area is another 'Start Making Your Own Website' banner with a 'WIX.com' link and an 'OPEN' button.

Either link will work.
